

Washover Pipe

Crossover washover pipe has a two-step, double-shouldered thread joint with flush outside and inside diameters. This buttress-type thread assures quick makeup and high torsional strength. A wide assortment of sizes is available ranging from 3 1/2" to 20".

Washover Pipe and Design Consideration

OD (inches)	Weight (1lbs/ft.)	ID (inches)	Joint Yield (N-80) ft.-lb.	Rec. Min. Hole Size (inches)	Rec. Max. Fish OD (inches)
